

1 in 1800: sophomore Cadence Wehneman

Annalise Bassett

Features Editor

What is your favorite thing about St. Baldrick's?

"My favorite thing about St. Baldrick's is the fact that so many people come together to raise money for such a great cause. People are willing to come out and shave their heads to raise money for something bigger, and I find that amazing."

What achievements has Hope From Harper made?

"Hope From Harper has done many things to help those affected by childhood cancer. We go to Norton Children's Hospital every month and host meals for those in the childhood cancer wing, and we also prepare care kits for families going into chemotherapy. Since Hope From Harper was founded, we have raised over 200,000 dollars toward childhood cancer research through various events."

How can other people get involved?

"There are a couple ways people can get involved. One way is to donate to people participating in our St. Baldrick's event, or event volunteer or help run the event that takes place this month."

What is it like to be you?

"It's great to be part of something making such a big difference in the world. We've made so many lives better with our efforts, and I hope to continue making the world a better place."
